Aslam Mamud Akhanda

Full-Stack Web Developer

Recently working towards my skill buildup on some real-life web applications with Reack.js, React Native, Node.js, Express and MongoDB. Past two years I have completed several web applications (HTML, CSS, Bootstrap, JS, JQ, PHP) and developed some advanced android apps (JAVA).
I am looking forward to learn core software development. It will be a great experience working with your company.

Skills
